

Wednesday, 9 March 2011

Keynote Plenary

Paul Howlett - EcoForum

08:30 - 09:00 Regulation to Achieve Sustainability - Models and Evaluation Tools and Techniques Prof Jennifer Mckay - UniSA e137

09:00 - 10:00 Panel Discussion on "Best Practise Environmental Regulation " Paul Howlett - EcoForum e210

Sustainable Management and Remediation

Dr Peter Nadebaum - ALGA

10:30 - 11:10 Keynote: Sustainable Remediation – Myth or Reality John Lovenburg - CH2MHILL e107

Sustainable Management and Remediation part 2

Colm Molloy - Golder Associates

14:00 - 14:40 Keynote: Developments in Management of Contaminated Land in the UK and Observations on Europe Paul Nathanail - Nottingham University e116

Remediation: In-situ Chemical Oxidation

Dick Brown - ERM

10:30 - 11:10 Keynote: ISCO and How to Apply it Successfully Dr Dick Brown - ERM e115

Remediation: In-situ Chemical Reduction

Gavin Kerrison - Shell

14:00 - 14:40 Keynote: ISCR and How to Apply it Successfully Dr James Mueller - The Adventus Group e120

Remediation: In-situ Thermal and HVDPE

Dr John Hunt - Thiess Services

10:30 - 11:10 Keynote: In-situ Resistive Thermal Remediation Dr Bruce McGee - McMillan McGee e121

Remediation: Soil Washing, Immobilisation

Lionel Etheridge - CH2MHill

14:00 - 14:40 Keynote: Soil Washing and How to Apply it Successfully Colin Morrell - CleanEarth e119

Fuel Options for Energy from Waste Projects

Paul Howlett - EcoForum

14:00 - 14:25 Keynote: Fuel Standards for EfW Projects Frederic Aguesse - SITA Environmental Solutions e139

14:25 - 14:50 Keynote: Developments in Policy, Practics and technology in Waste to Energy in the UK and EU Laurent Carrabin - Suez Environnement e150

Managing Water in Urban Environments

Chris Davis - UTS

10:30 - 11:10 Keynote: Resource Recovery - The Next Challenge for the Water Industry after the Drought Chris Hertle - GHD e114

Thursday, 10 March 2011

Keynote Plenary.

08:30 - 09:00 European Carbon Market Developments and Prospects **Paul Howlett - EcoForum**
 Jill Duggan - European Commission e141

Keynote session

09:15 - 10:00 Keynote: International Experience in Advanced Waste Treatment – What Does the Future Hold? **Tony Scott - ALGA**
 Paul Howlett & Paul Perkins e142

Sustainable Management and Remediation part 3

10:30 - 11:10 Keynote: Development of Public Domain Tools for Sustainability Analysis: The Sustainable Remediation Tool (SRT) and the Performance Tracking Tool (PTT) **Gary Smith - AECOM**
 John Claypool - AECOM e128

Assessment and Remediation: Case studies

14:00 - 14:40 Keynote: Christchurch Earthquake Environmental Implications & Reconstruction Challenges **Dr Wayne Drew - Tonkin & Taylor**
 Anthony Cussins / Seth Pardoe e117

Keynote session..

09:15 - 10:00 Keynote: Groundwater Remediation - A New Paradigm **Dick Brown - ERM**
 Dr Dick Brown - ERM e125

Keynote session...

09:15 - 10:00 Keynote: CRC CARE: Advances in Australian Research **Dr Peter Nadebaum - ALGA**
 Dr Ravi Naidu - CRC CARE e126

Advances in Assessment

10:30 - 11:10 Keynote: Setting Soil Guideline Values and Bioaccessability - Advances in the UK **Ravi Naidu - CRC Care**
 Paul Nathanail - Nottingham University e133

Landfill Gas Management

14:00 - 14:40 Keynote: Development of State of the Art Guidance for Ground Gas and Vapour Assessment, Measurement and Management in the UK **Dr Bob Symons - Labmark**
 Stuart Cassie - Worley Parsons e118

Keynote session.

09:15 - 10:00 Keynote: Climate Change: What is it Telling Us About Ourselves, Our Society and Our Interactions with the Natural World? **Chris Davis - UTS**
 Graeme Pearman - Graeme Pearman Consulting e143

Climate Change and Society

10:30 - 11:00 Keynote: Engaging Communities in Climate Change Response **Chris Davis - UTS**
 Dr Chris Riedy - UTS e016
